EDUCATION

B.Tech in AI & Data Science
Sarvajanik College of Engineering and Technology, Surat • Surat, Gujarat • Aug 2022-June 2026

Higher Secondary (12th Grade)
Kaushal Vidyabhavan, Surat • Surat, Gujarat • June 2020 - May 2022

Secondary (10th Grade)
TVJ Kumar Vidyalaya, Surat • Surat, Gujarat • June 2018 - May 2020

PROJECTS

DocTalk AI – Document Q&A Assistant

- Built a GenAI-powered assistant for retrieving and summarizing medical documents using RAG.
- Integrated **LangChain + vector databases** for context-aware search and conversation.
- Enhanced **clinical knowledge discovery** by reducing retrieval time and improving response accuracy.

Indian Sign Language Recognition

- Developed a **real-time ISL recognition system** using **CNNs and MediaPipe** for gesture detection.
- Designed a preprocessing pipeline (segmentation, normalization, feature extraction) to improve model accuracy.
- Enabled interactive communication support for the hearing-impaired community.

Clinical Decision Support System OEP Project

- Built a **CNN-based diagnostic model** to assist doctors in early detection of diseases.
- Applied image preprocessing and feature extraction for medical imaging datasets (e.g., INbreast).
- Improved **diagnostic accuracy and reliability**, contributing to healthcare AI solutions.

TECHNICAL SKILLS

Languages: Python, Java, C, SQL

Libraries & Frameworks: Pandas, NumPy, Scikit-learn, TensorFlow, OpenCV, NLTK, Seaborn, Matplotlib, Streamlit

Tools & Platforms: Git, GitHub, Google Colab, Jupyter Notebook, MongoDB, NoSQL, Power BI, Tableau, Excel, Docker, REST APIs

Concepts & Techniques: Machine Learning, Deep Learning, NLP, Computer Vision, Data Preprocessing, Feature Engineering, Model Optimization, Time Series Analysis, Data Visualization, Data Mining, Model Deployment, API Integration

CERTIFICATIONS

Google Machine Learning Crash Course – Google Developers
Deloitte Australia Data Analytics Job Simulation on Forage - Deloitte Australia
Machine Learning – Kaggle Learn , Kaggle Learn
Intro to Deep Learning – Kaggle Learn
Teachnook AI Course - Teachnook
Green Skills and AI - edunet
Python for Data Science – Kaggle Learn
SQL- Kaggle Learn , Kaggle Learn

SOFT SKILLS

Problem-Solving and Critical Thinking
Team Collaboration and Communication
Creativity and Innovation
Adaptability and Continuous Learning
Leadership and Community Engagement

Leadership & Extracurriculars

President, AI Club – Sarvajanik College of Engineering and Technology (SCET) (Present)

- Leading a 30+ member student community focused on AI, ML, and Data Science innovations.
- Organizing workshops, hackathons, and guest lectures to promote hands-on learning.
- Collaborating with faculty and industry experts to bridge academic learning with real-world applications.

INVOLVEMENT

Member – Food for Hunger Jan 2019 – Present

Instagram

- Volunteering in food distribution and clothing donation drives for underprivileged communities.
- Helping in organizing weekly charity and engagement events.
